

Munchkin Sports Autumn Term 2020 Weekend Classes COVID-19 Policy

NOTE: This policy was last updated on 01/12/2020 following the latest government guidelines.

The purpose of this policy:

- To protect children and their families who attend Munchkin Sports Weekend Classes and their families, as well as our staff that work at the Weekend Classes.
- To provide parents and staff with the overarching strategies Munchkin Sports will adopt to ensure the 2020 Weekend Classes are safe and compliant with government COVID-19 guidelines.

Legal framework:

This policy has been drawn up on the basis of legislation, policy and guidance:

- Public Health England
- Sport England: Latest guidance
- UKActive: Advice and guidance for the physical activity sector

Before arriving at the session:

- Parents and children should not attend the session if they have a temperature, have any other COVID-symptoms or feel unwell with any form of illness.
- Families should not bring any non-essential items with them to the session.
- Families should bring drinks with them as there will be no drinks available at the session.
- Contact details of all the families attending will be kept in a central database and if a case of COVID is reported, the details of other families in the group will be provided to the Track and Trace team.
- Parents should ensure they all have a face mask to wear indoors.
- All classes will be run outside where possible to limit any risk of infection, therefore parents and children should dress appropriately for the session.

Arrival at the session:

- On arrival families should make their way to the Hygiene Station and use the hand sanitiser provided. If the Hygiene Station is already being used by another family, families should wait by the 2m distancing lines on the floor.
- Once all members of a household have finished at the Hygiene Station they should proceed to the Registration Table where there will be a contactless registration with a member of the Munchkin Sports team (again if another family is already at the Registration Table, families should wait by the 2m distancing lines on the floor.)
- Social distancing must be observed when queuing at the Hygiene Station and Registration Table.
- Signs on hygiene and social distancing will be visible at the Registration Table.
- Once registered, each child will be allocated to their coloured team and introduced to their coach.
- In the 2-3 year old class one parent may accompany their child and support them with their activities; in the 3-4 and 4-7 year old classes parents must not get involved with the session but will be required to spectate.
- Parents must wear a face mask at all times whilst indoors.

Groups:

- There will be a maximum of 24 families (2-3 year old class) and 30 families (3-4 and 4-7 year old classes) allowed at one session at any one time (across the 4 coloured teams).

Hygiene and Cleaning:

- Once the session has ended, all equipment will be cleaned thoroughly.
- The Hygiene Station must be used before and after the session by all members of the family and the coaches.
- The Registration Table will be cleaned regularly.

End of the session:

- Each family should proceed to the Hygiene Station before leaving the session.
