

COMPANY NEWS

SUMMER SHIFTS

July shifts are now live and available to view. Thank you to everyone who has already confirmed their availability.

August shifts will be published over the next week, so please keep an eye on your emails WhenIWork for updates.

TRAINING & COMPLIANCE

Please ensure that you are regularly checking your emails regarding any outstanding training or compliance requirements.

If you have overdue training modules or an expiring DBS, this may impact your ability to work scheduled shifts. Our team will continue to send reminders, but it is your responsibility to ensure these requirements are completed promptly.

HOT WEATHER REMINDER

With the current warm weather forecast set to continue, please remember to take care of yourselves while at work.

Please ensure that you:

- Drink plenty of water throughout the day
- Apply and regularly reapply sun cream
- Make use of shaded or indoor spaces where possible

The wellbeing of both our staff and children remains our priority, and we appreciate everyone's support in helping keep sessions safe and enjoyable during the hotter weather.

Thank you all for your continued hard work, and we look forward to a fantastic summer ahead!
